## 'Turnouts' Could Ease Summer Trip

Vacationers traveling California highways will find "turnouts" on two-lane highways particularly advantageous if they make proper use of this highway feature, California Highway Patrol Commissioner Bradford M. Crittenden pointed out.

"Turnouts have been provided on many two-lane highways where terrain and traffic conditions warrant. The law provides that any motorist who is being followed by five or more vehicles shall turn off the main road at any

of these locations to permit traffic behind to pass," he said.

TURNOUTS CAN be located by identifying signs one-quarter mile ahead of each turnout, and at the turnout location itself.

"If you are behind a slow moving vehicle on a two-lane highway, you will appreciate it if the driver holding up traffic pulls off to let you by. It works the other way, too. If you happen to be the slow moving vehicle behind which five or more vehicles have

lined up, pull off to give the other fellow a chance to get by," he said.

A SLOW moving vehicle is one proceeding at less than the normal flow of traffic at that particular time and place.

"Turnouts were not only created as a convenience for motorists. They also are a positive safety factor, since they reduce the chance of head-on collisions caused by impatient motorists who pull out of line to pass when conditions are unsafe," the commissioner said.

## Lomita Chamber Renews Drive For Membership

The membership program of the Lomita Chamber of Commerce is being carried on at renewed energy, according to Sy Zimmerman, chairman and first vice president. Now that the graduating exercises are over, Zimmerman hopes that there will be a greater effort placed upon this plan. While memberships are coming in, they are not enough to supply the necessities of the office as yet. 100 new members are needed by July 1.

Services available at the Chamber office are, along with a good information center: Street work headquarters for improvement of our streets; Legislative information so that you know "what is going on" in Congress, State Legislature and at County Offices that effect the business man, particularly, and the general public in general; organization of Community advertising; planning activities for both the businessman and the public.

An example of the activities is the Youth Employment program now going on at the Chamber office. This is in cooperation with the Business and Professional Women's Club and the Narbonne Coordinating Council. The Chamber is furnishing the office space and the State Dept. of Employment is furnishing the training of the office help. The young people of Narbonne High School are operating the program under the supervision of the other groups.

## New Hours Posted at City Plunge

Lee Nelson, pool manager, this week announced a change in the Sunday schedule for the city plunge.

The new schedule of hours effective for the rest of this summer is as follows: Pool open 1 p.m. to 5 p.m., Sundays and holidays; otherwise the pool schedule is the same as before—Monday through Friday, 1 p.m. to 4:30 p.m. and 7 p.m. to 9:30 p.m.; Saturdays 9 a.m. to 12 noon and 1 p.m. to 5 p.m. Sundays and holidays 1 p.m. to 5 p.m.

Nelson invites the Torrance adults out on Thursdays, at 7 p.m. to enjoy family night with their children. The whole family is admitted for \$1, Nelson advised.

A popular night is Friday from 7 to 8 p.m., as adults, only, are admitted, according to the pool manager.

This is what's been missing in instant coffees—the pure coffee nectar

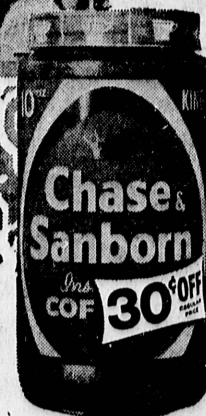

## New Instant Chase & Sanborn captures the pure coffee nectar

... the richness that's been missing up 'til now!

Taste it! The richness of the pure coffee nectar! Coffee experts have tried for years to capture and hold this precious essence in instant coffee. Today, Chase & Sanborn has succeeded! Now, New Instant Chase & Sanborn gives you the full flavor and aroma of premium coffee beans, and for the first time, the richness of their pure coffee nectar! Enjoy it today!

FINE COFFEE FOR NEARLY 100 YEARS
